

A Look at The Future

By working closely with and learning about Our United Republic – American People’s Public Trust (OUR-APPT), the mechanism necessary to become part of the re-established Republic, people can travel the path of becoming members of the Republic.

Our OUR-APPT, founded by Robert Louis Craft, has membership in the international Bar Association with affiliations to The North American Forum, Human Rights Law Committee, Arbitration Committee, Indigenous Peoples Committees, and he is an International Independent Ordained Christian Minister whose mission is to The North American People of God and Organization of American States on, in, over The North American Territory Trust.

Unless a group can support these same credentials, it is not currently recognized by the new US Treasury.

In addition, being recognized and approved by the US Treasury and Stripe, OUR-APPT is in the process of selling shares of stock. A Public Addendum for a subsequent Operational Public Mission to Establish the **SEAT** (Seas, Earth-Properties, Area-Zones, Territory-Borough-Habitates) allows for preparation of the process of Organization, Affiliation, and Association with The American National Non-Governmental Republican formed Institution Trust Foundationed Upon The Assembly of Robert Louis Craft (ARLC), Republican Assembly Charlotte County (RACC), The Brotherhood in Tribulation of the American People (BTAP), American People’s Common Trust (APCT), Our United Republic

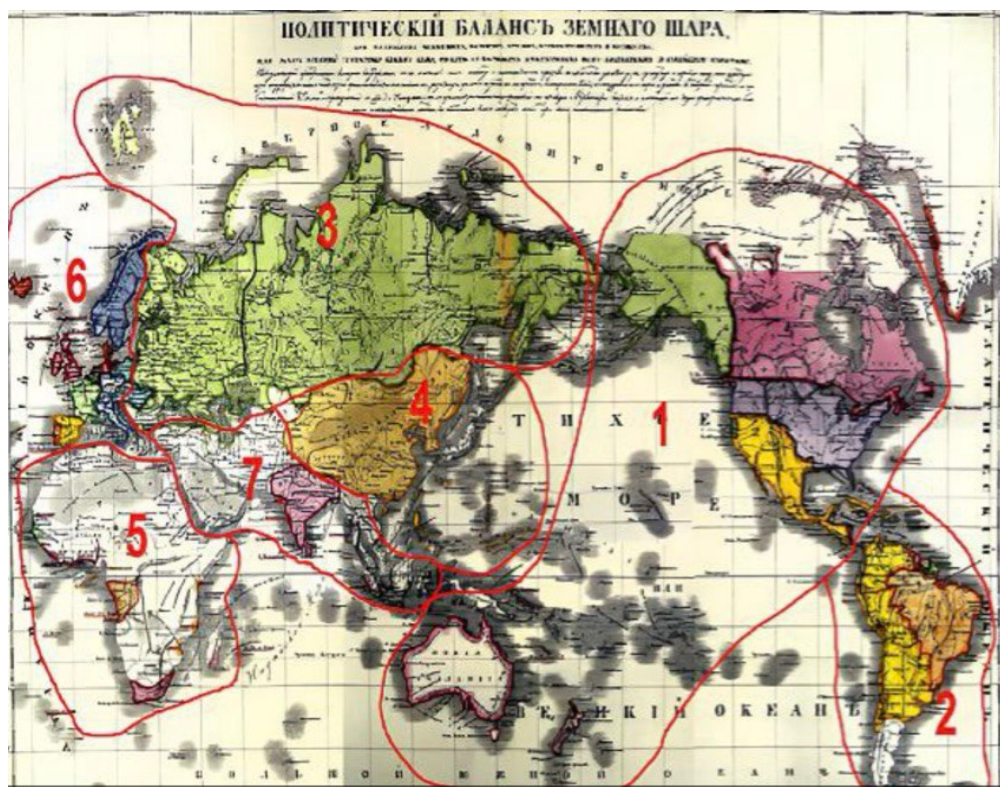

(OUR), and finally The American People's Public Trust (APPT), Unified and United as One American Individual Universal Congregated Community in the formation of A People's-Nation-State from and all spaces between American Common Law to One Individual Indigenous Inhabitant in and for The United States of America in Equity Trust Division at Sea per The USMCA Treaty of July 2020.

Individuals who purchase one or more share of stock in OUR-APPT (\$20 stock plus \$50 S&H fee) = \$70, will be listed on the registry taken to the upcoming Convention which will take place in Florida. Time, date and location yet to be determined. Stockholders will be recognized as "Founders" of the Republic. After the Convention, steps will be taken to reopen the Grand Bank in New York and the \$150 trillion dollar Trust about which President Trump has been speaking will "make landfall" and be available for We The People.

There are nay-sayers trying to discredit Mr. Craft, however, unless a group can prove the credentials as those of Mr. Craft and be recognized and organized under the USMCA Treaty and US Treasury, they are not one in the same.

Happening alongside the reestablishment of The Republic is movement of the world's population into Kingdoms as described in the Bible.

Making this possible, two-hundred eight countries capitulated to President

Trump during his world-tour in 1917, and these nations' leaders are in the process of re-establishing the Biblical Kingdoms as shown above. There are eight (8) kingdoms, seven (7) outlined in Scripture – Kingdom of Egypt, Kingdom of Israel, Kingdom of Babylon, Kingdom of Persia, Kingdom of Greece, Kingdom of Rome, Kingdom of God, plus Antarctica. Only time will prove the result of all these plans, many who believe are God-ordained.
